Appendix 3: Summary of Approval Fact Sheet Questions

'''''''''''''''''''''''''''''''''''''	PROV	ALS	
Questions	Yes	No	If Yes, Go To
1. Am I planning on installing new equipment or modifying,			1.01, 1.02, 1.03, 1.04
replacing or moving existing equipment that is included in the			
list under 1.01 and will be a source of air emissions?			
2. Did I receive an air quality permit to construct that required			<u>1.05</u>
me to obtain an Air Quality State Permit to Operate?			
3. Does my facility produce air emissions (actual or potential) of			<u>1.06</u>
more than 10 tons per year?			
4. Do I own or manage a company that performs activities			<u>1.07</u>
involving the disturbance of friable asbestos?			
5. Do I intend to be an asbestos training provider?			<u>1.08</u>
6. Do In intend to be an asbestos inspector, management			<u>1.09</u>
planner, project designer, worker, foreign language worker or			
supervisor?			
7. Do I operate an incinerator that processes special medical			<u>1.10</u>
wastes, industrial wastes, sewage sludge, municipal wastes or			
hazardous wastes?			
8. Do I provide a training course for incinerator operators?			<u>1.10</u>
9. Do I operate a facility that performs vehicle engine repairs?			<u>1.12</u>
If so, am I interested in participating in the Vehicle Emissions			
Inspection Program?			
10. Am I a vehicle repair technician who performs engine			<u>1.13</u>
repairs or works at a Certified Emissions Repair Facility or Fleet			
Inspection Station? If so, am I interested in participating in the			
Vehicle Emissions Inspection Program?			
11. Do I own or operate a radiation machine (X-Ray machine)?			<u>1.14</u>
12. Do I own a non-dental, non-veterinary, or non-			<u>1.15</u>
mammography electronic radiation-producing machine?			
13. Does my company in Maryland possess, manufacture, use or			<u>1.16</u>
distribute radioactive materials for research, industrial or			
medical applications?			
14. Do I intend to perform State of Maryland certification			<u>1.17</u>
inspections for low and/or high-energy X-ray machines? OR			
15. Do I intend to perform mammography services?			
16. Will my out-of-state company be able to conduct activities			<u>1.18</u>
in Maryland that are authorized in my out-of-state radioactive			
material license under reciprocal recognition?			
17. Will my company be required to register its possession of			<u>1.19</u>
generally licensed radioactive material and must I comply with			
existing Maryland regulations?			1.00
18. Do I own or operate a radiation machine service or sales			<u>1.20</u>
company in Maryland?			
OR IN THE INTERNAL INFORMATION OF THE INFORMATION O			
19. Do I have a radiation machine service or sales company			
outside of Maryland, but provide services or sales within the			
state?			
20. Am I building a facility that generates electricity and			<u>1.21</u>
connects with the electric grid?			

''''''''''''''''''''''''''''LAND APPROV	ALS		
Questions	Yes	No	If Yes, Go To
21. Do I accept, process, transfer or dispose of solid waste?			2.01
22. Do I own a closed, unlined rubble landfill that discharges			2.02
leachate to groundwater?			
23. Am I utilizing, treating, composting, transporting, storing,			<u>2.03</u>
distributing, applying on land, incinerating, conducting an			
innovative or research project or disposing of sewage sludge or a			
product containing sewage sludge?			
24. Am I recycling natural wood waste, like tree stumps, brush			<u>2.04</u>
or limbs?			2.05
25. Am I accumulating, storing, hauling, recycling or processing scrap tires?			<u>2.05</u>
26. Does my company have a total above ground tank capacity			2.06
of 10,000 gallons or more for the storage of oil intended to be	_		2.00
used as a motor fuel, lubricant or fuel source, including ethanol			
and biodiesel products?			
OR			
27. Does my company have a total above ground tank capacity			
of 1,000 gallons or more for the storage of used oil?			
OR			
28. Does my company transport oil within, into, or out of, the			
State in trucks, transports, or vacuum trucks having a hauling			
capacity of more than 500 gallons of oil?			2.07
29. Does my company plan to store, treat, handle or process			<u>2.07</u>
soils that have been contaminated with oil? 30. Does my company import (transfer) oil into Maryland by			2.08
tank truck, transport, rail car, pipeline or marine vessel/barge?			2.08
If so,			
31. Does my company own the oil at the first point of import			
(transfer) into Maryland?			
32. Am I doing work at an oil-contaminated site that requires the			2.09
treatment of groundwater? AND			
33. Do I plan to discharge potentially oil-contaminated			
groundwater to the surface or ground waters of the State? OR			
34. Do I have an oil terminal, not receiving oil by pipeline or			
marine transfer, that discharges storm water or hydrostatic test			
water to surface or ground waters of the State?			2.10 - 2.11
35. Does my company have over 5 million gallons of above ground oil storage and receive oil by pipeline or marine transfer?			<u>2.10 or 2.11</u>
If so,			
36. Does my company discharge storm water or hydrostatic test			
water to surface or ground waters of the State?			
37. Am I interested in being certified as an underground storage			2.12
tank (UST) remover?			
OR			
38. Am I interested in being certified as an UST technician who			
can install, upgrade, repair, replace and remove UST systems?			
OR			
39. Am I interested in being certified as an UST inspector?			0.10
40. Am I planning on removing, or discontinuing the use of an			<u>2.13</u>
.UST? If so, 41. Does the UST contain, or was it ever used to store a			
regulated hazardous substance including all oil products?			
42. Do I own or manage an UST that stores a hazardous			2.14
72. DO I OWI OF Manage all US1 mat stores a hazardous		L	<u>2.14</u>

substance including all oil products? OR 43. Has your UST system been taken out of service, been upgraded, or had a change in product storage, owner, facility name or financial responsibility? 44. Do I generate or manage hazardous waste? If so, 45. Do I store hazardous waste for more than 90 days, treat hazardous waste, dispose hazardous waste on-site, or accept hazardous waste from off-site? 46. Do I generate, in a calendar month, 100 kilograms or more of hazardous waste or more than 1 kilogram of acute hazardous waste? 2.16 OR 0 47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste or 1 kilogram or more of acute hazardous waste? 2.17 48. Do I transport hazardous waste over public highways? If so, 0. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transportation of the waste requiring use of a hazardous waste manifest? 2.18 51. Do I transport special medical waste over public highways? If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations? 2.18
43. Has your UST system been taken out of service, been upgraded, or had a change in product storage, owner, facility name or financial responsibility? 2.15 44. Do I generate or manage hazardous waste? If so, 45. Do I store hazardous waste for more than 90 days, treat hazardous waste, dispose hazardous waste on-site, or accept hazardous waste from off-site? 2.15 46. Do I generate, in a calendar month, 100 kilograms or more of hazardous waste or more than 1 kilogram of acute hazardous waste? 2.16 OR 47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste or I kilogram or more of acute hazardous waste? 2.17 48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest? 2.17 OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transport hazardous waste over public highways? If so, 52. Does that transport requiring use of a hazardous waste manifest? 2.18 51. Do I transport special medical waste over public highways? If so, 52. Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations? 2.18
upgraded, or had a change in product storage, owner, facility name or financial responsibility? 44. Do I generate or manage hazardous waste? If so, 45. Do I store hazardous waste for more than 90 days, treat hazardous waste, dispose hazardous waste on-site, or accept hazardous waste from off-site? 46. Do I generate, in a calendar month, 100 kilograms or more of hazardous waste or more than 1 kilogram of acute hazardous waste? OR 47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste or 1 kilogram or more of acute hazardous waste? 48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest? OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport and first? 51. Do I transport special medical waste over public highways? f so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?
name or financial responsibility? 44. Do I generate or manage hazardous waste? If so, 45. Do I store hazardous waste for more than 90 days, treat hazardous waste, dispose hazardous waste on-site, or accept hazardous waste from off-site? 46. Do I generate, in a calendar month, 100 kilograms or more of hazardous waste or more than 1 kilogram of acute hazardous waste? OR 47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste or 1 kilogram or more of acute hazardous waste? 48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest? OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport abzardous waste over public highways, with the transport abzardous waste over public highways? 51. Do I transport special medical waste over public highways? f so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?
44. Do I generate or manage hazardous waste? If so, 2.15 45. Do I store hazardous waste for more than 90 days, treat hazardous waste, dispose hazardous waste on-site, or accept hazardous waste, dispose hazardous waste on-site, or accept 2.16 46. Do I generate, in a calendar month, 100 kilograms or more 2.16 of hazardous waste or more than 1 kilogram of acute hazardous 2.16 Waste? 0R 47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste or 1 kilogram or more of acute hazardous waste? 2.17 48. Do I transport hazardous waste over public highways? If so, 2.17 49. Does that transport require the use of a hazardous waste manifest? 0R 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transportation of the waste requiring use of a hazardous waste manifest? 2.18 51. Do I transport special medical waste over public highways? If so, 2.18 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations? 2.18
45. Do I store hazardous waste for more than 90 days, treat hazardous waste, dispose hazardous waste on-site, or accept hazardous waste from off-site? 46. Do I generate, in a calendar month, 100 kilograms or more of hazardous waste or more than 1 kilogram of acute hazardous waste? OR 47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste? 48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest? OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transport and the waste requiring use of a hazardous waste manifest? 51. Do I transport special medical waste over public highways? If so, 52. Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations? 2.18
45. Do I store hazardous waste for more than 90 days, treat hazardous waste, dispose hazardous waste on-site, or accept hazardous waste from off-site? 46. Do I generate, in a calendar month, 100 kilograms or more of hazardous waste or more than 1 kilogram of acute hazardous waste? OR 47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste? 48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest? OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transport and the waste requiring use of a hazardous waste manifest? 51. Do I transport special medical waste over public highways? If so, 52. Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations? 2.18
hazardous waste, dispose hazardous waste on-site, or accept hazardous waste from off-site? 2.16 46. Do I generate, in a calendar month, 100 kilograms or more of hazardous waste or more than 1 kilogram of acute hazardous waste? 2.16 OR 47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste or 1 kilogram or more of acute hazardous waste? 2.17 48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest? 2.17 OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transport hazardous waste over public highways, with the transport special medical waste over public highways? If so, 52. Does that transport special medical waste over public highways? If so, 52. Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations? 2.18
hazardous waste from off-site? 2.16 46. Do I generate, in a calendar month, 100 kilograms or more of hazardous waste or more than 1 kilogram of acute hazardous waste? 2.16 OR 47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste or 1 kilogram or more of acute hazardous waste? 2.17 48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest? 2.17 OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transportation of the waste requiring use of a hazardous waste manifest? 2.18 51. Do I transport special medical waste over public highways? If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations? 2.18
46. Do I generate, in a calendar month, 100 kilograms or more of hazardous waste or more than 1 kilogram of acute hazardous waste? 2.16 OR 47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste or 1 kilogram or more of acute hazardous waste? 2.17 48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest? 2.17 OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transportation of the waste requiring use of a hazardous waste manifest? 2.18 51. Do I transport special medical waste over public highways? If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations? 2.18
of hazardous waste or more than 1 kilogram of acute hazardous waste?OR47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste or 1 kilogram or more of acute hazardous waste?48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest?OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transport hazardous waste over public highways, with the transport special medical waste over public highways?51. Do I transport special medical waste over public highways? If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?
waste?OR47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste or 1 kilogram or more of acute hazardous waste?48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest?OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transport acutous waste over public highways, with the transport special medical waste over public highways?51. Do I transport special medical waste over public highways? If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?
OR47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste or 1 kilogram or more of acute hazardous waste?48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest?2.17OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transport acutous waste over public highways, with the transport special medical waste over public highways?2.1851. Do I transport special medical waste over public highways? If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?2.18
47. Do I have in inventory at any time of more than 100 kilograms of hazardous waste or 1 kilogram or more of acute hazardous waste?48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest?2.17OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transport and the waste requiring use of a hazardous waste manifest?2.1851. Do I transport special medical waste over public highways? If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?2.18
kilograms of hazardous waste or 1 kilogram or more of acute hazardous waste?2.1748. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest?2.17OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transport acardous waste requiring use of a hazardous waste manifest?2.1751. Do I transport special medical waste over public highways? If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?2.18
hazardous waste?48. Do I transport hazardous waste over public highways? If so, 49. Does that transport require the use of a hazardous waste manifest?2.17OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transport ation of the waste requiring use of a hazardous waste manifest?2.1751. Do I transport special medical waste over public highways?2.18If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?2.18
48. Do I transport hazardous waste over public highways? If so, 2.17 49. Does that transport require the use of a hazardous waste manifest? 0R 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transportation of the waste requiring use of a hazardous waste manifest? 2.18 51. Do I transport special medical waste over public highways? 2.18 If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations? 2.18
49. Does that transport require the use of a hazardous waste manifest? OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transport and the waste requiring use of a hazardous waste manifest? 51. Do I transport special medical waste over public highways? If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?
49. Does that transport require the use of a hazardous waste manifest? OR 50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transport and the waste requiring use of a hazardous waste manifest? 51. Do I transport special medical waste over public highways? If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?
manifest?OR50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transportation of the waste requiring use of a hazardous waste manifest?51. Do I transport special medical waste over public highways?51. Do I transport special medical waste over public highways?If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?
OR50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transportation of the waste requiring use of a hazardous waste manifest?51. Do I transport special medical waste over public highways?51. Do I transport special medical waste over public highways?If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?
50. Are you a Maryland-domiciled driver of a vehicle used to transport hazardous waste over public highways, with the transportation of the waste requiring use of a hazardous waste manifest? 51. Do I transport special medical waste over public highways? 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations? 2.18
transport hazardous waste over public highways, with the transportation of the waste requiring use of a hazardous waste manifest?2.1851. Do I transport special medical waste over public highways? If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?2.18
transportation of the waste requiring use of a hazardous waste manifest?2.1851. Do I transport special medical waste over public highways? If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?2.18
manifest?2.1851. Do I transport special medical waste over public highways?2.18If so,52.Does that transport require the use of a shipping paper underU.S. Department of Transportation Hazardous Materials7Transport regulations?2
51. Do I transport special medical waste over public highways?2.18If so,52.Does that transport require the use of a shipping paper underU.S. Department of Transportation Hazardous MaterialsTransport regulations?
If so, 52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?
52.Does that transport require the use of a shipping paper under U.S. Department of Transportation Hazardous Materials Transport regulations?
U.S. Department of Transportation Hazardous Materials Transport regulations?
U.S. Department of Transportation Hazardous Materials Transport regulations?
Transport regulations?
53 Do I generate 50 pounds or more of special medical waste a
month or accumulate more than 50 pounds of special medical
waste?
54. Will my activities disturb lead based paint in a residential <u>2.19</u>
dwelling?
OR
55. Am I being employed to perform lead abatement work?
56. Do I conduct a training course involved in the abatement of <u>2.20</u>
lead paint?
OR
57. Am I an instructor who trains workers, supervisors,
inspectors or risk assessors who provide lead paint abatement
58. When do I have to register my rental unit(s) in Maryland? 2.21
59. Am I cleaning up a property contaminated, or perceived to2.22
be contaminated, by hazardous waste? AND
60. Are you interested in acquiring or using such a property? If
so, do you want to participate in a program designed to reduce
your environmental liability?
Will I discharge any wastewater or stormwater to any place
other than the
sanitary sewer? AND
NATURAL V NEWELT AINU
Do I own or operate an animal feeding operation? 2.23

Will I discharge any stormwater from my mine site or support		<u>2.24</u>
areas such as haul roads and stockpiles?		
72. Do I plan to mine for coal?		<u>3.08</u>
73. As part of coal mining, do I plan to be responsible for the		3.09
use of explosives in the project?		
74. Am I responsible for a coal mining operation?		<u>3.10</u>
75. Will earthen material (topsoil, sand, gravel, clay, stone,		3.11
minerals) be removed from my property? AND		
76. Will the disturbance, including roads, stockpiles and		
drainage controls exceed one acre in size?		
77. Am I responsible for a surface mining operation?		<u>3.12</u>
78. Do I need a permit to search or use reserves of gas or oil?		<u>3.13</u>

'''''WATER APPROVAI	LS		
Questions	Yes	No	If Yes, Go To
61. Will I discharge any wastewater from an industrial facility or			3.01
landfill to any place other than the sanitary sewer?			
62. Will I discharge any wastewater or stormwater to any place			<u>3.02</u>
other than the sanitary sewer?			3.02b
OR			
63. Do I own or operate a manufacturing facility, a fleet of			
vehicles or a recycling facility?			2.02
64. Will I discharge any storm water to the State's surface waters AND			<u>3.03</u>
65. Do I operate an " industrial facility, as defined below"? AND			
66. Is there any potential for any pollutants from this activity to			
come in contact with storm water?			
67. Will I discharge any wastewater to any place other than the			3.04
sanitary sewer?			<u></u>
OR			
68. Do I own or operate a sewage or water treatment plant?			
69. Will I discharge any wastewater to the groundwaters of the			3.05
State?			<u></u>
70. Do I want to use a chemical product to control nuisance			3.06
aquatic plants or animals in State waters (State waters include			
streams, storm water ponds, wetlands and tidewater)?			
71. Do I plan to install, extend or modify a community water			3.07
supply and/or sewerage system?			
79. Am I planning on having a well constructed on my property			<u>3.14</u>
to obtain groundwater?			
OR			
80. Am I planning on having a geothermal heat pump HVAC			
system installed?			
81. Am I planning to perform an activity that withdraws water			<u>3.15</u>
from the State's surface and/or underground waters?			
82. Will I take drinking water samples as part of my job or to			<u>3.16</u>
satisfy any legal requirements?			
83. Will my laboratory analyze drinking water samples for			<u>3.17</u>
public water systems or to satisfy any legal requirements?			2 10
84. Does the tide rise and fall at the site where you propose your			<u>3.18</u>
project? If so,			
85. Does your project involve constructing a shore erosion			
control measure such as a bulkhead, stone revetment, pier or marsh?			
OR			
86. dredging any open water or marsh?			
87. Does your project require work to be performed in a non-		<u>├</u>	3.19
tidal wetland, the non-tidal wetland buffer?			5.17
88 or the 100-year floodplain?			3.20
89. Is the project undertaken by a State or Federal agency or			<u>3.21</u>
local government agency or private concerns? If so, will 5000			<u></u>
square feet or more or 100 cubic yards or more of earth be			
disturbed?			
OR			
90. Will the project impact an existing storm water management			
facility?			

 91. Are you a foreman, superintendent or project engineer who is in charge of on-site clearing and grading operations or sediment control? OR 92. Do you install or oversee the installation of erosion and sediment controls? OR 93. Are you involved with the design of erosion and sediment control strategies for land-disturbing activities? 		<u>3.22</u>
94. Am I planning a construction project in Maryland? AND95. Will my overall project disturb at least one acre or more of earth?		<u>3.23</u>
 96. Are you a government agency, serving a large or medium population, that owns and operates a storm drain system within the urbanized area (localities with populations over 100,000) of Maryland? (individual permit) OR 97. Are you a government agency that owns and operates a storm drain system serving a facility over 5 acres, but with a population less than 100,000, within the urbanized area of Maryland? (general permit) 		<u>3.24</u>
98. Will I be building a dam?		3.25
99. Do you routinely perform inspections and investigations related to enforcing Maryland's health and environmental laws and regulations? (Transferred to DHMH)		DHMH
100. Will I be the operator or superintendent of a water treatment plant, water distribution system, wastewater treatment plant, wastewater collection system, a pretreatment facility or industrial wastewater facility?		<u>3.27</u>
 101. Do you intend to make a hole into the ground for the purpose of either transferring water or heat to or from the ground, or obtaining aquifer data? OR 102. Do you intent to install or repair any equipment that is necessary to draw or purify water from a cased borehole? 		<u>3.28</u>
103. What are the requirements for Off-Bottom Oyster Aquaculture to Relay Shellstock from Polluted Waters for the Purpose of Natural Cleansing		4.01
104. What are the requirements for On-Bottom Private Oyster Lease Holders to Relay Shellstock from Polluted Waters for the Purpose of Natural Cleansing?		4.02
