NOTICE OF PUBLIC HEARING

Draft Intended Use Plans for Federal Fiscal Years (FFY) 1999
and the Project Priority Lists for FFY 1999/2000
for the Maryland Water Quality Revolving Loan Fund
and the Maryland Drinking Water Revolving Loan Fund

The Federal Fiscal Year (FFY) 1999 Draft Intended Use Plans and FFY 1999/2000 Draft Project Priority Lists for Water Quality and Drinking Water capital projects will be the subject of a public hearing to be held on Thursday, July 22 at 10 a.m. in the Potomac Conference Room, Second Floor, of the Maryland Department of the Environment located at 2500 Broening Highway, Baltimore, Maryland.

The Draft Water Quality Intended Use Plan ("IUP") describes how the annual federal capitalization grant and matching State funds will be used for the design and construction of water quality capital projects pursuant to Title VI of the Clean Water Act. A federal grant of \$32,571,297 for the State of Maryland is anticipated for the Maryland Water Quality Revolving Loan Fund, which must be matched by \$6,514,260 in State funds.

The Draft Drinking Water Intended Use Plan describes how the annual federal capitalization grant and matching State funds will be used for the design and construction of drinking water capital projects, and for State and local activities to implement the requirements of the Safe Drinking Water Act. A federal grant of \$7,463,800 for the State of Maryland is anticipated for the Maryland Drinking Water Revolving Loan Fund, which must be matched by \$1,492,700 in State funds.

The two Draft FFY 1999/2000 Project Priority Lists (Water Quality and Drinking Water) have been developed using preliminary applications received from potential borrowers through a solicitation effort undertaken in January 1999. Projects were rated and ranked based on public health and water quality benefits. The Priority Systems used to rate and rank the projects have been previously subjected to public comment and approval by the U.S. Environmental Protection Agency.

Copies of the FFY 1999 Draft Intended Use Plans and the FFY 1999/2000 Draft Project Priority Lists will be mailed to local government and eligible private water systems, and will be available upon request on or after June 30, 1999 from:

**Maryland Department of the Environment
Water Management Administration

Cherry Hill Wastewater Treatment Plant - Cecil County - On May 14, 1999, MDE issued an administrative consent order with the Cecil County Board of County Commissioners requiring improvements to the Cherry Hill Wastewater Treatment Plant (WWTP), located in Elkton, Maryland. The order requires the Commissioners, by July 15, 1999, to submit a plan to the Water Management Administration to ensure compliance with all of the requirements of the discharge permit, or to remove the Wastewater Treatment Plant from service. The Order requires that all of the improvements to the WWTP be completed by April 1, 2000. A \$1,000 penalty to the Clean Water Fund was assessed in settlement of past water pollution violations. In addition, the Cecil County Board of County Commissioners agrees to expend a minimum of \$12,000 to accomplish an upgrade at the Northeast River Advanced Wastewater Treatment Plant to accomplish Biological Nutrient Reduction (BNR) as a Supplemental Environmental Project (SEP) to be completed within 2 years.

Status: Case Closed. (Ref # CO-99-0093)

Northeast River Advanced Wastewater Treatment Plant - Cecil County - On May 14, 1999, MDE issued an administrative consent order with the Cecil County Board of County Commissioners requiring upgrades to the Northeast River Advanced Wastewater Treatment Plant, located in Charlestown, Maryland. The order requires that a design plan which ensures compliance with all requirements of the discharge permit, be submitted to MDE for review and approval within 30 days, plus a payment of a \$1,000 penalty be made to the Clean Water Fund in settlement of past water pollution violations. Additionally, the Cecil County Board of County Commissioners agrees to expend a minimum of \$20,000 to accomplish an upgrade at the WWTP to accomplish Biological Nutrient Reduction (BNR) as a Supplemental Environmental Project (SEP) to be completed within 2 years.

Status: Case Closed. (Ref # CO-99-0094).

Charles J. Miller, Inc. - Carroll County - On May 17, 1999, MDE issued an administrative complaint and penalty on Charles J. Miller, Inc. located in Hampstead, Maryland, for unauthorized discharges of vehicle wash water to surface waters of the State and effluent violations of the facility's groundwater discharge permit. The facility replaced its wastewater treatment system with a recycled wash water filtering system, which does not require a discharge permit. A \$9,000 penalty to be paid to the Clean Water Fund was assessed in settlement of past water pollution violations.

Status: Case Pending (Ref # AP-99-0074).

Garden State Tanning, Inc. - Washington County - On May 18, 1999, MDE issued an administrative consent order to Garden State Tanning, Inc., located in Williamsport, Maryland. The order required Garden State to perform and submit to MDE within 30 days, a wastewater treatment plant operations study conducted by a professional engineer, to determine if additional improvements are needed to ensure continued compliance with the effluent limitations in the 1997 Discharge Permit. The Order also requires payment of a \$36,750 penalty to the Clean Water Fund in settlement of past water pollution violations.

Status: Case Closed. (Ref # CO-99-0077).

Westminster Wastewater Treatment Plant - Carroll County - On May 14, 1999, MDE issued an Administrative consent order to the Mayor and Common Council for Westminster regarding the Westminster Wastewater Treatment Plant located in Westminster, Maryland. The order requires that an upgrade to accomplish Biological Nitrogen Reduction (BNR) be completed by May 1, 2000. The order incorporates interim performance standards for biochemical oxygen demand, total suspended solids, total phosphorus, total kjeldahl nitrogen, and fecal coliform while the plant upgrade is in progress.

Status: Case Closed (Ref # CO-99-0095).

Stevens Flexible Packaging - Washington County
 On May 25, 1999, MDE issued a Corrective Order to Stevens Flexible Packaging for installing and operating a laminator/printer without first obtaining the required air quality permit to construct. The violation was discovered during an inspection by the Air Quality Compliance Program. The Corrective Order requires the Company to immediately cease operation of the equipment until the required permit has been obtained.

Status: The Company has 10 days to appeal the Order. (Reference # 99-02-01)

Baltimore Aggregate Recycling - Baltimore City

On May 25, 1999, MDE issued a Corrective Order to Baltimore Aggregate Recycling for installing and operating crushing/classifying equipment without first obtaining required air quality construction and operating permits, which require a public review process. The Corrective Order requires the Company to immediately cease operation of the equipment until the required permits have been obtained.

Status: The Company has 10 days to appeal the Order. (Reference # 99-03-01)

FMC Corporation - Baltimore City
 On May 24, 1999, MDE entered into a court order with the FMC Corporation that settled violations resulting from the May 1998 explosion at their Wagner's Point plant. The Order requires FMC to pay a \$30,000 cash penalty and to also buy and retire \$30,000 worth of 1999 nitrogen oxide credits for this summer. This will keep about six tons of the nitrogen oxide, which contributes to ozone pollution, out of the air this summer. Under a previously executed administrative order, FMC has implemented corrective measures related to the explosion.

Status: Case Settled. (Reference # ARMA-CA-98-01)

Tawes Award Winners Honored

Environmental Awards Given for Recycling, Pollution Prevention and Bay Restoration

The 1999 Tawes Award for a Clean Environment luncheon and awards was held recently recognizing extraordinary efforts in environmental stewardship. The event marked the 23rd anniversary of the awards which are co-sponsored by the Maryland Petroleum Council and the Maryland Department of the Environment. Deputy Secretary of the Maryland Department of the Environment, Arthur Ray, (pictured below on left) and Drew Cobbs, (pictured below on right) executive director, Maryland Petroleum Council presented the awards.

Youth Award Winner - Builders Club of North East Middle School of Cecil County represented by students Devon Lyon and John Whisler, and Club advisor Robert Schick (center) was recognized for its efforts in many environmental projects including the success of the student run Northeast recycling station, adopt-a-highway participation, construction of nature trails and regularly scheduled cleanups for Elk Neck State Park.

Adult Category winner - Lisa Jo Frech (above left) and Jim Rapp (above right) represent the Nanticoke Watershed Alliance, a consortium of 29 environmental and business organizations. The Alliance was recognized for its efforts in preserving valuable, historic woodland and for conducting educational programs on protecting the environment.

Youth Award runner up - Ryan Albertsen, age 11, (left) of Hollywood Park Elementary School in Southern Maryland. Ryan was cited for his leadership in organizing volunteer students who conducted a project of collecting aluminum cans at the County Fair, and initiating a school recycling club which was also recently recognized for its participation in a phone book recycling program.

Adult Category co-runner up - The Town of Federalsburg was cited for the Marshyhope Greenway Project which involved enhancing the greenway on both sides of the river with walking trails and tree plantings which helped to promote downtown revitalization. Pictured above Senator Richard Colburn (center) with Arthur Ray and Drew Cobbs.

Adult Category co-runner up - The Capital District Office, U.S. Postal Service, represented by John Bridges (left), was recognized for its leadership role in streamlining its pollution prevention processes, recycling materials and generally promoting environmental stewardship within its metro area office.
