

**Comment Response Document
Regarding the Water Quality Analysis of Sediment for the Town Creek Watershed,
Allegany County, Maryland**

The Maryland Department of the Environment (MDE) has conducted a public review of the proposed Water Quality Analysis (WQA) of Sediment in the Town Creek Watershed. The public comment period was open from July 28, 2006 through August 28, 2006. MDE received 1 set of written comments.

Below is a list of commentors, their affiliation, the date comments were submitted, and the numbered references to the comments submitted. In the pages that follow, comments are summarized and listed with MDE's response.

Author	Affiliation	Date	Comment Number
Jennifer Schaafsma	Maryland Department of Agriculture	August 10, 2006	1

Comments and Responses

1. The commentor states that in the sediment budget table on page C-1 the total percentage for segment one exceeds 100%, which is not correct.

Response: The table has been changed. The sum of the sediment sources for segment one now equals 100%.
