## State Board of Well Drillers

May 20, 2015

### **RE: Administrative Extension of Licenses Set to Expire June 1, 2015**

Dear Director of Environmental Health:

This letter is to inform you that the State Board of Well Drillers has administratively extended all licenses issued by the Board which are set to expire on June 1, 2015 if the licensee has:

1. Submitted an application for renewal within 60 days prior to the expiration of the license; and
2. Submitted all supporting documentation for renewal of the license to the Board prior to the expiration of the license, including the required renewal fee, proof of the required training, and evidence of bonding and liability insurance.

If the licensee has submitted an application for renewal and all supporting documentation as set forth above, the license is extended until such time as the Board renews the license or denies the application for renewal.

The Board is advising you of this action as the approving authority authorized to issue well drilling permits for your county. Should you have any questions, please feel free to contact Board staff at 410-537-4466.

Sincerely,

Hahns Hairston  
Chairman, State Board of Well Drillers

HH
