### Management and Leadership

#### Environmental Policy Statement

*Clinical Resources Inc. is committed to reducing its impact on the environment. We will strive to improve our environmental performance over time and to initiate additional projects and activities that will further reduce our impacts on the environment. Our commitment to the environment extends to our customers, our staff, and the community in which we operate.*

*We are committed to:*

- *Comply with all applicable environmental regulations;*
- *Prevent pollution whenever possible;*
- *Prevent excess waste whenever possible;*
- *Ensure all recyclable materials are recycled after use;*
- *Train all of our staff on our environmental program and empower them to contribute and participate;*
- *Communicate our environmental commitment and efforts to our customers, staff, and our community;*
- *Continually improve over time by striving to measure our environmental impacts and by setting goals to reduce these impacts each year.*

/Title: CHRIS GRAHAM / NATIONAL SALES MANAGER

2/20/18

**Environmentally Preferable Products and Services**

*All outgoing packaging is recyclable and all packing materials are made from corn-based biodegradable products*

**Waste**

**Solid Waste Reduction and Reuse**

*For cleaning and decontaminating material, we've switched from paper/cellulose towels to washable rags made from unwanted clothing/fabric. We have gone from 3-6 rolls of paper towels a week to using/reusing a 20 lb. box of rags for 1.5 years.*

**Composting**

*When available, food waste is stored at our office and transported off-site to a composting operation*

**Energy**

**Energy Efficiency**

*All overhead light switches were changed to motion activated, rather than by switch, to save energy costs when not in use.*

*Help build a greener, more sustainable Maryland through voluntary practices that reduce environmental impacts and save money.*
