Management and Leadership

Environmental Policy Statement

See our policy at <https://www.columbiacontainer.net/box-to-nature/>

Environmentally Preferable Products and Services

We are certified SFI (Sustainable Forestry Initiative) Manufacturer.

Environmentally Preferable Purchasing

We always buy full truckloads of corrugated sheets to minimize truck travel and emissions per sheet.

Environmental Team

A Safety meeting is held every other week to discuss any issues or concerns that can help improve our process.

Environmentally Preferable Products and Services

We offer the [Box to Nature](#) to customers to print on the top of their boxes that has a QR code to educate the end user about recycling the box.

Waste

Solid Waste Reduction and Reuse

We e-mail invoices instead of printing and mailing saving paper usage. BOL's are emailed to receiving department to help save paper usage as well.

Recycling

We sent over 1,000 tons of corrugated cardboard for recycling in 2022.

Energy

Energy Efficiency

In 2017, we upgraded our lights to LED, reducing our electrical bill by \$2,100 a month or approximately \$25,800 annually.

Profile Updated January 2024

Help build a greener, more sustainable Maryland through voluntary practices that reduce environmental impacts and save money.
