## Management and Leadership

### Environmental Policy Statement

Saltworks Solutions, LLC is committed to reducing its impact on the environment. We will strive to improve our environmental performance over time and to initiate additional projects and activities that will further reduce our impacts on the environment. Our commitment to the environment extends to our clients, our staff, and the community in which we operate. We are committed to:

- Complying with all applicable environmental regulations;
- Preventing pollution whenever possible;
- Training staff to reduce environmental impacts and empowering them to contribute;
- Communicating our environmental commitment and efforts to our clients and community; and
- Continually improving our environmental performance by setting annual goals to reduce our environmental impacts and measuring our results.

### Annual Environmental Goals

- **Energy-Efficient Equipment:** Install energy-efficient office equipment and LED lighting. Measure the percentage of office equipment updated to more energy-efficient alternatives.
- **Sustainable Procurement:** Ensure that office supplies and suppliers reflect a commitment to sustainable environmental practices.

- Community Involvement: Establish partnerships with at least one local environmental organization or initiative. Measure the involvement through partnerships established and/or events sponsored.

☒ Environmentally Preferable Products and Services

Saltworks Solutions, LLC provides policy and fiscal analysis, program review, grant writing, and project management to environmental nonprofits as well as county and municipal legislative offices in Maryland.

☒ Environmentally Preferable Purchasing

Saltworks Solutions, LLC purchases Energy Star certified computer equipment and only uses recycled paper.

☒ Ecological Restoration and Community Environmental Projects

Amanda Mock serves as an Anne Arundel County Watershed Steward, grows oysters to revitalize the Severn River's oyster population, and implements stormwater and other environmental projects with the Epping Forest Community Association.

## Waste

☒ Recycling

All clean office paper is recycled, after shredding if necessary for confidentiality.

## Transportation

☒ Employee Commute/Customer Travel

Saltworks Solutions, LLC is home-based business, so no commuting is required by the firm's single member. Electric vehicle charging available for employee and/or customer use.

☒ Efficient Business Travel

Video teleconferencing and phone calls are encouraged to reduce business travel while not compromising client services

☒ Efficient Fleet Vehicles

The firm has access to a plug-in electric vehicle.

*Help build a greener, more sustainable Maryland through voluntary practices that reduce environmental impacts and save money.*
