

Maryland Green Registry MEMBER

The Maryland Green Registry promotes and recognizes sustainable practices at organizations of all types and sizes. Members agree to share at least five environmental practices and one measurable result while striving to continually improve their environmental performance.

Eco-friendly building solutions

Member since July 2009

Management and Leadership

Environmentally Preferable Products and Services

We offer no VOC paint, FSC wood products, and green building alternatives for all areas of construction.

Environmental Restoration or Community Environmental Projects

We are members of the Surfrider Foundation, Sierra Club, Grow Berlin Green Committee, and donate to Habitat for Humanity.

Waste

Solid Waste/Material Use Reduction and Reuse

We use post consumer building materials and reduce/reuse/recycle whenever possible. We estimate diverting 2 tons of recyclable building materials from the landfill since September 2008.

Recycling

We do on-site recycling instead of using a general construction dumpster.

Hazardous Waste/Toxic Use Reduction

We do staged cleaning of paint brushes in mineral spirits, which maximizes the use of the mineral spirits and reduces the amount that must be disposed.

Transportation

- Employee Commute**

We always carpool.

Profile Updated November 2015

Maryland

Help build a greener, more sustainable Maryland through voluntary practices that reduce environmental impacts and save money.
