Environmental Policy Statement

<http://www.greenspringlegal.com/environmental-policy-statement/>

Environmentally Preferable Products and Services

The core mission of the firm is to provide environmental law services to the activist community. We provide litigation services in support of environmental conservation and compliance; consulting on environmental compliance; and advocacy in support of policies to reduce environmental impacts.

Environmentally Preferable Purchasing

All paper products must be made from 100% post-consumer recycled material and we avoid all phosphate- or ammonia-based cleaning agents.

Environmental Restoration or Community Environmental Projects

Participation in at least one stream clean-up per year, with a goal of three such clean-ups per year. The firm participated in a cleanup of the Anacostia River on World Oceans Day.

Waste

- Solid Waste Reduction and Reuse**

We save plastic waste by not purchasing bottled water.

Energy

- Energy Efficiency**

We have replaced 10 incandescent bulbs with high-efficiency LED fixtures saving 292 kWh, 2,248 lbs of CO₂ reduction and \$188 in costs savings annually.

Transportation

- Employee Commute**

Employees work from home at least three days per week.

- Efficient Business Travel**

Business is conducted via teleconferencing or email whenever possible.

Water

- Water Conservation**

We have an office policy that any water not consumed by humans will be re-used (for watering plants, etc.).

Help build a greener, more sustainable Maryland through voluntary practices that reduce environmental impacts and save money.
