Management and Leadership

Environmental Policy Statement

<http://www.kpmg.com/US/en/WhoWeAre/CSR/LivingGreen/Pages/default.aspx>

Environmental Team

The Baltimore Green Team consists of 12 office champions, out of 160 employees in the Baltimore office, with a mission to educate and cultivate sustainable habits within each practice group. Team champions identify trends through visual observation and electronically captured data in order to implement improvements through continuous review and planning during quarterly meetings.

Annual Environmental Goals

10% GHG reduction per FTE through 2015 with a baseline year of 2010.

Environmentally Preferable Purchasing

KPMG (US) Sustainable Procurement Policy requires that new purchases of laptops, desktops, and monitors meet current EPEAT Gold and Energy Star criteria. Enterprise Servers, printers, copiers and fax machines must meet Energy Star criteria. All products must be listed in the corresponding Energy Star product list (www.energystar.gov) and EPEAT registry (www.epeat.net), which will be used for validation purposes.

KPMG is a member of the Responsible Purchasing Network and an enterprise partner with the Green Electronic Council which is responsible for the EPEAT program.

Responsible Purchasing Network provides independent evaluation of sustainability standards, with materials including product evaluation guides and directories. In addition, they provide networking opportunities with industry leaders, educational events (webinars, etc.), media outreach, and a professional networking portal. As a corporate member, all KPMG staff (with no limit on numbers) has access to these resources.

Waste

Recycling

In 2011, KPMG's Baltimore office was responsible for the following recycling efforts:

*Solid Waste Disposed = 39,900 lbs
Comingled Recycling = 11,800 lbs
Shredded Recycled Paper = 17,000 lbs*

Energy

Energy Efficiency

From 2011 to 2012 KPMG Baltimore reduced energy consumption by 5% and water consumption by 51%.

Water

Water Conservation

The Baltimore office's water consumption is more than 15% lower than KPMG's National Average for offices. From 2011 to 2012, the office reduced water consumption by 51%.

Help build a greener, more sustainable Maryland through voluntary practices that reduce environmental impacts and save money.
