

Sample Worksheet for Review and Ranking of Environmental Impacts

Score each impact (on a scale of 1-5) according to its frequency, severity and probability

			Energy Usage	Water Usage	Materials Usage	Impact on Air, Land, V	Impact on plants/animals	Impact on humans	Total Score
Activity	Activity, Product, Services	Environmental Aspect							
Manufacturing									
		VOC emissions							
		Electricity consumption							
		Natural Gas consumption							
		Water consumption							
		Raw materials							
		Non Hazardous waste							
		Hazardous waste							
		Waste water							
		Scrap materials generation							
		Packaging materials							
		Electronics							
Sales & Marketing									
		Electricity							
		Paper							
		Solid wasate							
		Transportation							
		Electronics							
Shipping/Receiving/Warehousing									
		Transportation							
		Packaging							
		Electricity							
		Materials handling							

Sample Worksheet for Review and Ranking of Environmental Impacts

Score each impact (on a scale of 1-5) according to its frequency, severity and probability
