

MCCC Steering Committee Call
July 25, 2019

On the phone: Mike Powell, Tad Aburn, Susan Payne, Catherine McCall, Matt Fleming, Kim Grubert, Jason Dubow, Peter Goodwin, Dave Nemazie, Lisa Nissley, Chris Beck

NOTES

We reviewed the agenda for MCCC on 8/8. The main discussion would be an update about TCI. We will also receive public comment, have workgroup updates, discuss the latest on GGRA, and get an update on the Climate Leadership Academy.

Participants are fine with moving forward with this. Mike Powell pointed out people will want GGRA updates and CARES info as soon as possible. MDE is aware, getting out as soon as possible. MWG will have a meeting about cares on 9/17 as well.

There is an interest in having more advocates involved in the Commission progress. We will work to address this with working group membership. Tad will speak to Ben about the same.

Catherine asked about the annual report. Tad suggested starting on recommendations sooner rather than later. We will be coordinating with GGRA report as well.
