WHO IS CR³?

DEDICATED TO RADON REDUCTION

GRASSROOTS ORGANIZATION
MISSION

Assist, encourage, and prepare advocates in making a difference with awareness, education and action against radioactive radon gas exposure.

Educate the public and private sectors about the real danger of living, working, or attending school in environments with elevated levels of radon gas.

“ACTION” SINCE 2006
NEW “FOCUS” IN RADON ADVOCACY
Strategies

Increased visibility through promotion to education, medical, public health, and childcare.

Early Detection: $f(eD) \gg f(C,R,M)$
