Documentation for All Manure, Litter and Wastewater Storage Structures (Part IV A6c5)

Farm Name: _____ NPDES Permit Number: _____

Instructions: Use this form to keep records of all manure, litter and wastewater storage structures. For each storage structure, provide the following information in the table below:

- **Structure Type:** the type of storage structure such as roofed storage shed or storage pond or anaerobic lagoon.
- **Total Design Storage Volume:** for the structure, state the total capacity the storage facility was designed to hold such as 100 cubic feet or 1000 gallons.
- **Design Treatment Volume:** the treatment capacity the structure was designed to treat
- **Volume for Solids Accumulation:** the capacity of the structure available to accumulate solids.
- **Days of Storage Capacity:** the number of days the particular structure can accommodate its contents at the rate the operation places waste it it.

Structure Type	Total Design Storage Volume	Design Treatment Volume	Volume for Solids Accumulation	Days of Storage Capacity
