

COUNTY SOURCE REDUCTION (SR) CREDIT REPORT

County: _____

Reporting Period: _____

Only respond “yes” for source reduction activities occurring in the reporting calendar year, unless a three-year time period is specified. A county may respond “yes” for an activity that is conducted in association with another partner.

Because SR of yard trimmings and food scrap has the greatest SR potential of all materials, counties may receive a SR credit for each activity in Part 1 (Yard Trimmings and Food Scrap SR Credit Checklist). For Part 2 (General SR Credit Checklist), SR credit will be awarded using the following ranges: 5 - 9 “Yes” = 1%, 10 – 15 “Yes” = 2%, and 16 or more “Yes” = 3%. Maximum combined SR credit for Part 1 and Part 2 is 5%.

Documentation:

In order to promote information sharing around the state and to document SR efforts, please provide copies of materials (promotional materials, policy guidelines, etc.) associated with any “yes” responses on the SR checklists. If your county provided materials in a previous year that are the same or essentially unchanged, simply identify them as such and do not provide them.

I certify, to the best of my knowledge, that the information provided on this form is accurate and that the documentation requested has been provided. Additional documentation will be made available to MDE for auditing purposes, if requested.
