**Land Management Administration • Waste Diversion and Utilization Program**

**Manure, Litter, Process Wastewater and Soil Sampling Results (Part IV A6c 1 – 2)**

**Facility Name:** \_\_\_\_\_ **NPDES Number:** \_\_\_\_\_

Instructions: Use this form to keep records of your manure, litter, process wastewater and soil sampling results. For each analysis, provide the following information in the following table:

- Date and time of sampling: the date and time that you collected the sample.
- What was sampled? : the item that was sampled such as manure, litter, process wastewater or soil AND where the sample was collected such as Field 1.
- Test Method: a citation of the analytical method that was used such as EPA method number 9095.
- Sampling Results: the analytical results of the sampling. Include the constituent measured such as arsenic and its units such as 5.0 mg/l

Date and Time of Sampling	What was sampled?	Test Method	Sampling Results (include constituent measured and its Units, such as milligrams per liter)
