

### 3.11 NON-COAL MINING PERMIT

- *Question: Will earthen material (topsoil, sand, gravel, clay, stone, minerals) be removed from my property? AND Will the disturbance, including roads, stockpiles and drainage controls exceed one acre in size?*

#### **Why do I need this approval?**

Mining of non-coal minerals (sand, gravel, clay, limestone, granite, shale and dimension stone) is an essential activity making an important contribution to the economic well-being of the State. To minimize the effects of mining on the environment, provide proper land reclamation, and ensure public safety, a permit is required to conduct surface mining.

*(NOTE: Pending regulations will require special approval from the Department regarding the use of coal combustion byproducts for reclamation in a surface mining operation.)*

#### **What laws or regulations give MDE the legal authority to issue this approval?**

STATE: Environment Article - Title 15, Subtitle 8;  
COMAR 26.21.01.

#### **What is the process to get this approval?**

- 1) An application for a permit is filed with the Department. A set of plans must be submitted with the application.
- 2) A detailed review is conducted by the Department including comments from other review agencies.
- 3) Once the application has been determined to be complete, an opportunity for a public hearing will be provided.
- 4) A decision on the application will be made within 30 days of the close of the record of the public hearing.
