

**MARYLAND DEPARTMENT OF THE ENVIRONMENT
PROPOSED CALENDAR YEAR 2018
STANDARD PERMIT APPLICATION TURNAROUND TIMES**

As required by Section 1-607(A)(2) of the Environment Article, the Maryland Department of the Environment (MDE) is seeking comment on the following proposed standard turnaround times for all types applications for permits and other approvals. MDE reviews and, if needed, adjusts these turnaround times annually to give permit applicants current information regarding processing times.

MDE is proposing no changes to the 2017 turnaround times for calendar year 2018.

Please note the following important points about these standard times:

- 1) These standards refer to the time between MDE’s receipt of a complete application and MDE’s issuance or denial of the requested approval, excluding delays caused by factors beyond MDE’s control. Many applications are incomplete when they first arrive at MDE. The appropriate MDE permit writer can provide guidance on how to ensure that an application is complete when submitted.
- 2) In most permitting programs, each application has unique characteristics that influence its processing time. For each approval type listed, the standard time represents the time in which 90% of applications can be processed. Many applications will require less time; a few will require more time due to unusual circumstances.

Comments and questions can be directed to Ms. Sue Battle-McDonald, Director, MDE Office of Performance Improvement, via email at sue.battle-mcdonald@maryland.gov, by phone at 410-537-4111; via postal mail to MDE/OS, 1800 Washington Boulevard, Baltimore, MD 21230-1720; or by fax to 410-537-3888. Comments will be accepted until January 22, 2018.
