

How to Find and Print a Specific Notice of Proposed Action in the Maryland Register Online

1. Go to the bottom of the Maryland Register Online home page to the section entitled Most Current Online Maryland Register Issues.
2. There are two ways to search for a specific Notice of Proposed Action within a Maryland Register Issue:
 - (a) Go to the "Find" box at the top of the document.
Enter either a key word or the 3 part codification number. Do not enter all 4 codification numbers.
Hit the "Find" button until you reach the Proposed Action you need;

or
 - (b) Scroll down the page to the Table of Contents section for Proposed Actions on Regulations. Click on the hyperlink for the Proposed Action you need. This will take you directly to the proposal.

To Print:

Highlight the text and copy and paste the selection into a Word document and then print; or

Highlight the text, and in the Print options box choose "selection" to print only the selected text. (Note: If you just hit print, you will print the entire Maryland Register)
