

## **Minor WWTP Upgrade Priority**

### **Option I – Top 5 Based on Pound Reduction (With the Delivery Factor):**

1. Greensboro, Caroline County
2. Cherry Hill, Cecil County
3. Twin Cities, Dorchester County
4. Rock Hall, Kent County
5. Tolchester, Kent County

### **Option II – Top 5 Based on Design Capacity Flow:**

1. Manchester, Carol County
2. Eastern Correctional Facility, Somerset County
3. Rock Hall, Kent County
4. Pinto Utilities, Allegany County
5. Hancock, Washington County

### **Option III – Top 5 Based on Smart Growth Objectives (2012 Septic Task Force):**

1. Middletown East, Frederick County
2. Middletown, Frederick County
3. Smithsburg, Washington County
4. Myersville, Frederick County
5. Rock Hall, Kent County

### **Option IV – Offer funding to facilities that are ready to proceed and offer the highest pound reduction (including reduction from septic tank connections) up to the available grant amount. Currently, three facilities are under design, have plans for septic tank connections, and can be offered the funding under this criteria:**

1. Greensboro, Caroline County
2. Galena, Kent County
3. Betterton, Kent County
