

Bay Restoration Fund ENR Upgrades

Walid Saffouri, Chief

Project Management – Region II

Water Management Administration

ENR Upgrades Status

- Water Quality Infrastructure Program (WQIP) currently manages 8 grant and loan programs.
- Program standard operating procedures are being revised to include the new program (BRF).
- Discussions have been initiated with many of the 66 facilities.

“Full Speed Ahead”

- One facility has already been upgraded with ENR using state and federal grants (Princess Anne’s).
- One facility is under construction and being upgraded for BNR/ENR (Celanese).
- 7 facilities are under design for both BNR and ENR upgrades, two of which may be under construction before January 2005.
- 27 facilities have initiated the planning for ENR.
