

PUBLIC COMMENT PERIOD EXTENDED

**PROPOSED REDEVELOPMENT OF PATUXENT GREENS GOLF COURSE TO
RESIDENTIAL SUBDIVISION
APPLICATION FOR NONTIDAL WETLANDS LETTER OF AUTHORIZATION,
WATERWAY CONSTRUCTION PERMIT AND DAM SAFETY MAINTENANCE AND
REPAIR PERMIT**

MARCH 13, 2019

Applicants: CS Patuxent Greens LLC and the City of Laurel

Application Numbers: 18-NT-0067/201860267/18-MR-0131

On February 28, 2019, the Maryland Department of the Environment (“MDE” or “the Department”) held a public informational hearing regarding the required State permits for the above project. As announced at the hearing, the public comment period for this project was scheduled to end March 15, 2019. However, due to the public interest in this project and to make sure that any changes to the final levee design that are being contemplated in the Dam Safety permitting process gets incorporated into the Department’s hydraulic modeling for the project, the public comment period for this project has been extended. The ultimate date for the close of the comment period will depend upon how quickly the final levee design can be determined, modeled and these models can be reviewed by the Department. The public comment period will extend until at least Friday, April 26, 2019. Any extension past this date will be announced on our website.

The project application for State permits and supporting information for this project is available for review on the Department’s website at the following link:

https://mde.maryland.gov/programs/Water/WetlandsandWaterways/Pages/CS_Patuxent_Greens.aspx

Any person interested in commenting on this application is invited to submit written comments to: Elisa Riley, Wetlands and Waterways Program, Nontidal Wetlands Division, 1800 Washington Boulevard, Baltimore, Maryland 21230 or by email to elisa.riley@maryland.gov.
