

July 1, 2020

The Water and Science Administration has received the applications listed below. A preliminary review has indicated that the listed projects may be subject to the opportunity for a public hearing once the application is substantially complete. Projects may be significantly altered during the review process. The applications and related information are available for inspection and copying. You may also request written notice of any hearing opportunity by having your name placed on the interested persons list for each project in which you are interested. To inspect the file or to have your name placed on the interested persons list, contact the assigned division at the telephone number indicated below no later than Friday, July 31, 2020.

Water Supply Program - (410) 537-3590

County: Kent

KE2019G001/01: Bayshore Land Holdings, LLC has applied to appropriate and use an annual average of 12,000 gallons of groundwater per day (gpd) and 18,000 gpd during the month of maximum use for a potable supply, boat washing, and the filling of a wildlife pond at a mobile home park and campground. The project is located at 4228 Eastern Neck Road, Rock Hall, Kent County, Maryland.

County: Queen Annes

QA2008G018/03: Town of Queenstown has applied to increase an existing appropriation from an annual average of 70,000 gallons of groundwater per day (god) and an average of 100,000 gpd in the month of maximum use to 275,000 gpd and 400,000 gpd, respectively, for a community water supply for the Town of Queenstown. Water will be withdrawn from two existing wells and one new well, all in the Matawan aquifer. The project is located at the northeast corner of the intersection of Del Rhodes Ave and Friels Road, Queenstown, Queen Anne's County, Maryland.
