

**September 1, 2021**

The Water and Science Administration has received the applications listed below. A preliminary review has indicated that the listed projects may be subject to the opportunity for a public hearing once the application is substantially complete. Projects may be significantly altered during the review process. The applications and related information are available for inspection and copying. You may also request written notice of any hearing opportunity by having your name placed on the interested persons list for each project in which you are interested. To inspect the file or to have your name placed on the interested persons list, contact the assigned division at the telephone number indicated below no later than Thursday, September 30, 2021.

**Water Supply Program - (410) 537-3590**

**County: Caroline**

CO2021S006/01: Possum Hill Farms, Inc. has applied to appropriate and use an annual average of 106,000 gallons of surface water per day and a maximum daily withdrawal of 864,000 gallons for crop irrigation at the Gene Robinson property. Water will be withdrawn from an intake in Smithville Lake. The project is located at 6672 Noble Road, Federalsburg, Caroline County, Maryland.

**County: St. Mary's**

SM1967G103/03: Commissioners of Leonardtown has applied to increase an existing allocation from an annual average of 750,000 gallons of groundwater per day (gpd) and an average of 1,100,000 gpd in the month of maximum use to 1,138,000 gpd and 1,594,000 gpd, respectively. The water will be withdrawn from one existing well and one new well in the Upper Patapsco aquifer for the Town of Leonardtown community water system. The project is located at 23330 Greenbrier Road and at 0.2 miles northwest of the intersection between Greenbrier Road and Joanne Drive, Leonardtown, St. Mary's County, Maryland.
