

Maryland Volkswagen Mitigation Plan Project Proposal

Maryland is accepting proposals for Electric Vehicle Infrastructure projects that meet the guidelines set forth in the Charge Ahead Grant Program (CAGP) and the Electric Corridors Grant Program (ECGP) posted to MDE's Volkswagen site: <https://mde.maryland.gov/programs/Air/MobileSources/Pages/MarylandVolkswagenMitigationPlan.aspx>

Proposals submitted by close of business on March 5, 2021 will be considered for inclusion and funding in Maryland's Mitigation Plan.

Due to ongoing teleworking requirements because of COVID-19, MDE will only accept electronic submissions through this form. Please send questions to mde.vw@maryland.gov

Charge Ahead Grant Program (Level 2) Electric Corridors Grant Program (DC Fast Charging)

Grant Applicant	First Name	Last Name	Company	
	Phone Number		Email	
Install Location	Installation Address			Suite/Apt/Bldg
	City	State	Zip	County
	Number of Charging Points Being Installed		Number of Network Chargers	
Mailing Address	Mailing Address	City	State	County

Electric Corridors Grant Program	
Total Project Cost	
Total Mitigation Funds Requested	
Source of Cost Share Funds	
Power Level	Level 2 DC Fast Charging
Will this project have impact on underserved communities?	Yes No

Emissions Benefits	
NO _x Tons Per Year	
Cost Per Ton (NO _x)	
Total NO _x Tons Reduced	
Estimates of NO _x Emissions Reductions	

Project Start Date	Project End Date	Key Deadlines

Applicants must attach copies of the following documents to this application.

1. Detailed Description of the Project
2. Description of New / Emerging Technologies
3. Additional Grants Being Used
