SPARROWS POINT STEEL MILL

Dear Ms. Shelton:

The Maryland Department of the Environment (MDE) received your recent request for information under the Public Information Act (PIA).

Your request has been assigned the tracking number listed above. Please use this number in all communications referring to this request. Your request has been reviewed and distributed to all appropriate MDE programs. After all programs have completed the search, you will be notified by mail as to whether or not pertinent records exist. If files exist, the notification letter will contain instructions for reviewing the records. Only after you schedule an appointment to review files will the requested files be gathered in preparation for your review.

There may be fees associated with the search whether or not files are located. The PIA fees are limited to standard charges for direct document search, review, duplication, and postage. The first two hours of search are free of charge. If your request did not indicate a willingness to pay fees, you will be notified only if the fees are likely to exceed \$25.

When requesting information regarding this request, please cite the tracking number referenced above. If you have any questions, please call me at (410) 537-4120.

Sincerely,

Amanda Degen

Hello All,

Attached is a list of files that were not included in the EPA PIA response nor have links on MDE website. Some of the files as noted contain very large plans that are difficult to copy and one photographic record-cannot be copied.

If you indicate which older documents you would like to see by number, please note it may take at least a week or more to locate and scan/copy. Recent material is easier as we already have most of it in PDF.

You may also arrange to view documents at MDE.

If you have any questions please contact me.

Freedom of Information Act Request: EPA-R3-2014-003098

Dear Ms. Shelton:

This correspondence is in response to the above-referenced Freedom of Information Act request for information relating to the Sparrows Point Steel Mill. It confirms that, after discussing your request with Charles B. Howland, Senior Assistant Regional Counsel, you were able to narrow the scope of your request. Based on that conversation, Mr. Howland sent you all the responsive documents that you requested. This correspondence is to confirm that those documents were sent.

You may appeal this response to the National Freedom of Information Officer, U.S. EPA, Records, FOIA and Privacy Branch, 1200 Pennsylvania Avenue, NW (2822T), Washington, DC 20460, foia_hq@epa.gov. Only items mailed through the United States Postal Service may be delivered to 1200 Pennsylvania Avenue, NW. If you are submitting your appeal via hand delivery, courier service or overnight delivery, you must address your correspondence to 1301 Constitution Avenue, N.W., Room 6416J, Washington, DC 20004. Your appeal must be made in writing, and it must be submitted no later than 30 calendar days from the date of this letter. The Agency will not consider appeals received after the 30 calendar day limit. The appeal letter should include the request number listed above. For quickest possible handling, the appeal letter and its envelope should be marked "Freedom of Information Act Appeal."

If you have any questions, feel free to contact Shanna. Halpern of my staff at (215) 814-3396.

Sincerely,

Please specify what information is being requested:

Pursuant to Maryland's Public Information Act, Weaver Boos Consultants North Central, LLC is requesting any paper and microfiche documents the Baltimore County Department of Permits, Approvals and Inspections may have on file concerning current or historical building permits, environmental permits, conditions, inspections, or violations at the former Sparrows Point Steel Mill. The property was formerly occupied by Bethlehem Steel Corporation, International Steel Group, Mittal Steel, Severstal Sparrows Point, LLC, and RG Steel Sparrows Point, LLC.

Please inform me if the fee will exceed \$25. Thank you in advance for your assistance with this request.

- I will pick this information up after being called and notified that it is ready.
- I wish this information to be mailed at my expense.

PLEASE NOTE: Under the Public Information Act, the Department of Permits Approvals and Inspections has 30 (thirty) days to fulfill this request for information, whereupon, if the request cannot be honored, you will be notified within 10 (ten) days regarding the denial.

FEE INFORMATION: Photocopies are \$0.50 per page. Postage will be added to the photocopy fee for items mailed. Staff time is charged at \$25 per hour after the first two hours.

Re: Records search and preparation re: 5111 N. Point Blvd. & 1430 Sparrows Pt. Blvd.

Dear Ms. Craven:

I am sending, enclosed, copies of records retrieved to-date.

The cost to-date is \$229.21 as explained below:

Development Management staff time:	2 hours
Building Inspection staff time	4.5 hours

4.5 hrs of work @ \$25 per hr. = \$112.50

Reproduction costs:

Yellow receipts (Development Management docs) enclosed total \$53.22

118 copies (Building Inspection docs) @ \$0.50 = \$59.00

Postage = \$5.49

Please forward an additional \$200.00 to cover the balance due of \$29.221 plus estimated additional costs to fully respond to your request.

Sincerely,

A handwritten signature in blue ink that reads "Donald E. Brand".

Dear Ms. Craven:

It is estimated that it will take a minimum of 10 hours to review the appropriate files to discover what documents are responsive to your request. The PIA authorizes the custodian of records to "charge an applicant a reasonable fee for the search for, preparation of, and reproduction of a public record." Section 10-621(h) of the State Government Article of the Annotated Code of Maryland (SG). The custodian may not charge for the first 2 hours of work. SC section 10-621 (c). The Attorney General of the State of Maryland has stated in his PIA manual that the custodian may demand prepayment of search and preparation fees as provided in regulations. The County has adopted such regulations at <http://www.baltimorecountymd.gov/agencies/infotech/index.html>.

Pursuant to its regulations, the County charges \$25/hour for search and preparation fees that must be prepaid before a records search and preparation of the records can continue. Please send to me a check in the amount of \$200.00 (8 hours x \$25), made payable to Baltimore County, Maryland. Upon receipt, I will instruct staff to begin locating and preparing the records. The County charges \$0.50/page for copying standard paper sizes and charges at cost for larger sized documents (large maps, etc). Upon completion of the records search, you will be apprised of the cost to reproduce and mail to you. These fees will also have to be paid before the copies are produced.

Upon receipt of a payment of \$200.00, we will respond to your request.

Dear Ms. Craven,

I am writing in response to your correspondence, dated 01/28/2014, and received by us on 02/04/2014, requesting information on the above referenced site under Maryland's Public Information Act.

The Department of Environmental Protection and Sustainability (EPS) stores information in files located within 8 sections listed below. We performed a database search for information in those sections that best matched your request. The boxes to the left of each section indicate which sections were searched and whether any information was present in their files. If you are interested in information from a section whose files were not searched, or would like to schedule an appointment to review the files we found in the database search, please contact the individuals indicated below.

Due to changes in database management, the Department can only search for specific properties. We will no longer provide vicinity/radius searches when requested.

Please note that a fee of \$21.00 per hour, after the first two hours, may be assessed for the time spent searching files, and preparing and reviewing records for your inspection and copying. In addition, should you desire copies of the materials in the files, Baltimore County policy requires payment of \$0.50 per page, in advance.

In order to ensure timely processing, please note our address is:

Laura,

As requested, I did look through all the boxes and summarized what is contained in each box. (See attached excel spreadsheet). In the first column I listed the info as either "Files" or "Report" Files are generally loose 8.5 x 11" sheets of paper in a manila or accordian folder that will require a page by page review to determine if info is of interest to you. I listed the name of the file as it appears on the file tab. The "Reports" are bound reports. I listed the name on the cover and the date of the report.

Also attached is a summary of the UST removals and installations that are in our UST database. Note that any action date listed as "1900" means that we do not know the date but generally means that the work was done prior to 1990 when the database was first created.

So far, I have spent 2 hours working on this information. Please let me know how you wish to proceed from here.

Kevin

Hi Kevin,

Sorry for the delay in getting back to you. At this point, we would like you to spend one day (8 hours at \$50 per hour) looking through the files to screen them to see what kind of information is available. We are primarily interested in the information related to underground storage tanks and leaks and spills.

Thanks,

Laura
