Notes

DIPE - di-isopropyl ether
ETBE - ethyl tert butyl ether
J - indicates an estimated value
MTBE - methyl tertiary butyl ether
ND(5.0) - Not detected at or above the laboratory reporting limit, laboratory reporting limit included.
PI - Influent sample location. POET installed by ExxonMobil.
PIO - Influent sample location. POET installed by Others.
PM - Midfluent sample location. POET installed by ExxonMobil.
PMO - Midfluent sample location. POET installed by Others.
PE - Effluent sample location. POET installed by ExxonMobil.
PEO - Effluent sample location. POET installed by Others.
POET - Point of Entry Treatment system
TAME - tert-amyl methyl ether
TBA - tert butyl alcohol
µg/L - micrograms per liter (parts per billion)
NS - No longer sampled
cn - refer to case narrative of lab report
samples collected during reporting period
