Description of treatment of wastewater, including number and size of treatment units (i.e. oil/water separators and wastewater tanks), and number of outfalls:

\_\_\_\_\_

\_\_\_\_\_

Provide for each outfall: Outfall #, discharge to surface water (SW) or groundwater (GW), exact outfall location latitude/longitude coordinates (in either degree/minutes/seconds with at least two significant digits, **or** decimal coordinates with at least 5 significant digits), and the name of receiving surface water body (if applicable).

Outfall #	Discharge to SW or GW?	Exact Discharge Point (Outfall) Coordinates	Name of Receiving Surface Water

#### V. Submittal of Approval of Notification to Discharge into Publicly Owned Systems

1. If effluent will be discharged to a publicly owned storm water sewer or publicly owned treatment system, applicant shall notify the agency operating that system to determine if authorization for the discharge is required by that agency.
2. Proof of this notification shall be submitted to MDE along with this Notice of Intent prior to issuance of the permit.

**VI. Certification by Treatment System Operator (must be the Permit Holder, see Page 4)**

A Notice of Intent (NOI) is hereby made to the State of Maryland, Department of the Environment, Land and Materials Administration for a General Discharge Permit for the operations and activities described on the forms being submitted. I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations as specified in the Environment Article, §9-343, Annotated Code of Maryland and 40 CFR Part 122.41(k).

## **Oil Control Program Discharge Permit Application Completion Instructions**

### **Certification by Permit Holder:**

- For a corporation, by a responsible corporate officer. For the purposes of this section, a responsible corporate officer means:
  - A president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation; or
  - The manager of one or more manufacturing, production, or operating facilities provided the manager is authorized to make management decisions which govern the operation of the regulated facility including having the explicit or implicit duty of making major capital investment recommendations, and initiating and directing other comprehensive measures to assure long term environmental compliance with environmental laws and regulations; the manager can ensure that the necessary systems are established or actions taken to gather complete and accurate information for permit application requirements; and where authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures.
- For a limited liability company (LLC), by a member of the LLC;
- For a partnership or sole proprietorship, by a general partner or the proprietor, respectively; or
- For a municipal, State, federal, or other public agency, by either a principal executive officer or ranking elected official. For purposes of this section, a principal executive officer of a federal agency includes:
  - The chief executive officer of the agency; or
  - A senior executive officer having responsibility for the overall operations of a principal geographic unit of the agency (e.g., Regional Administrators of the EPA).

**EJ Score:** The EJ Score for the facility must be provided with the NOI. From the MDE EJ Screening Tool, find the census tract that the facility is within and provide the number listed as the “Final EJ Score Percentile (Distribution across Maryland)”. If the EJ Score for the facility is greater than 75, then the Permittee shall post signage on-site so that the community knows that the facility discharges under this permit and offers to share the permit and NetDMR data upon the community’s request.

**Fee:** The fee for this permit is \$120. The appropriate fee shall be submitted with the initial NOI submission. State, local, and municipal owned facilities are exempt from the permit fee.
