2022 MDE VIRTUAL INSPECTOR ORIENTATION DATES

The Oil Control Program (OCP) now offers the MDE Inspector Orientation virtually. The Maryland Certified Inspector Virtual Orientation Courses for 2022 will be given on the following dates beginning promptly at 9:00 AM using Google Meets:

- February 17, 2022
- May 19, 2022
- August 18, 2022
- November 17, 2022

If you are interested in attending, please contact Melissa Wright at (410) 537-3938 or via email at melissa.wright@maryland.gov. Space may be limited.

A Note on Inspector Testing Requirements

Before an applicant can sit to take the Maryland Underground Storage System Inspector Test, the applicant must submit verifiable proof to OCP that they successfully completed:

- One or more nationally recognized or Department approve training courses, classes, examinations, or workshops pertaining to UST design, installation, operation, testing, or inspection; and

- The UST System Inspector Orientation Course.

Before registering to take the test, a complete application must be submitted to OCP that includes verifiable proof the individual completed the two above requirements. To obtain an Underground Storage Tank Technician, Remover, and Inspector Certification Application, or to check for available test dates and test registration procedures visit the UST Certification Programs webpage at:
