Provide a brief description of solid waste handling and other activities to be conducted at this facility:

The facility receives solid waste, often separating bulk recyclables, and reloads it into trucks/railcars for transport to permitted landfills for disposal

Once an application is received, MDE will initiate correspondence to obtain the following required documentation prior to permit issuance:

A written statement from the County in which the proposed facility is to be located, demonstrating that the proposed facility meets all applicable County zoning and land use requirements and is in conformity with the County Solid Waste Management Plan, in accordance with §9-210(a)(3) of the Environment Article.

For an incinerator, a written statement from the County where the proposed facility is to be located, demonstrating that the County has an approved Recycling Plan in accordance with §9-204.1 and §9-505 of the Environment Article.

For a rubble landfill, a written statement from the County in which the proposed facility is to be located, demonstrating that the County has specified in the County Solid Waste Plan the types of waste that may be disposed of in the facility, in accordance with §9-210(c) of the Environment Article.
