

MARYLAND DEPARTMENT OF THE ENVIRONMENT

AIR AND RADIATION ADMINISTRATION

PRIVILEGE LOG

The following items are considered confidential business information and are not included in the permit to construct docket (Docket #06-25) for public review:

Redacted from the June 2025 revision of the application:

1. ICO Line 3 Process, Form 5 Block 13 Input Materials Name
2. ICO Line 3 Make, Model and Manufacturer of Process Equipment and Maximum Hourly Input Rate
3. Form 6 ICO Line 3 Spray Dryer – Manufacturer and Model No.
4. Form 6 ICO Line 3 Coarse Classifier Feed Hopper – Manufacturer and Model No.
5. Form 6 ICO Line 3 Fines Classifier Feed Hopper – Manufacturer and Model No.
6. Form 6 ICO Line 3 Coarse Classifier and ICO Line 3 Fines Classifier – Manufacturer and Model No.
7. Form 6 ICO Line 3 Finished Product Packaging Silo - Manufacturer and Model No.
8. Form 6 ICO Line 3 Fugitive Dust Collector – Make and Model No.
9. Form 6 ICO Line 2 Central Vacuum System – Make and Model No.
10. Magnapore Production Line Form 5 Block 13 - Input Materials Name
11. Process Flow Diagrams
12. Detailed Emissions Calculations - Production Rate Data
13. Control Equipment Spec Sheets

Redacted from the March 25, 2026 Addendum:

1. Projected actual annual operating hours
2. Specific percentages of Chromium III concentrations
3. Information in Section 2.3.1 regarding ammonia emissions
4. Information in Section 2.4 regarding hexanol emissions
5. Information in Section 2.5 regarding hexanol emissions
6. Information in Section 4 regarding yield and capacity
7. Redacted the name and CAS No. of raw materials
8. Information in the updated calculations regarding product and utilities
9. Information in calculations that identifies equipment design and capacity

Company Confidential information submitted on April 7, 2026:

1. Direct fired burner capacities
