

Notice of Air Quality Permit to Construct Application and Public Informational Meeting

The Maryland Department of the Environment, Air and Radiation Administration (ARA) received a permit-to-construct application from Amazon Data Services, Inc. on February 23, 2026 for their proposed data center facility (IAD-534, IAD-535, IAD-536 and IAD-537) including the installation of the following air pollution emitting equipment:

- (1) Ninety-two (92) emergency generators, each equipped with a diesel fired engine rated at 2,750-kilowatts, and each controlled by a selective catalytic reduction (SCR) system and a catalyzed diesel particulate filter;
- (2) Six (6) emergency generators, each equipped with a diesel fired engine rated at 750-kilowatts; and
- (3) One (1) emergency generator, equipped with a diesel fired engine rated at 250-kilowatts.

The data center facility will be located at 3300 Radiant Way in Frederick, Maryland 21703 in Frederick County.

A public informational meeting has been scheduled to present the application and the permit review process. **The meeting will be held on May 28, 2026 from 6:30 PM to 8:00 PM in LaPointe Hall at St. Joseph on Carrollton Manor located at 5843 Manor Woods Road, Frederick, Maryland 21703.** You may also participate in the meeting virtually. Please register to attend using the following link:

<https://forms.gle/c8GNQrjsZN7LYQKq8>

Registered attendees will receive instructions on how to join virtually using your computer or telephone on the day of the meeting.

Individuals who require reasonable accommodation or a language interpreter to participate in the meeting should contact the Department by email at mde.accommodations@maryland.gov or call 410-537-3152 (MD Relay TTY: 7-1-1) at least 5 business days in advance of the meeting.

The application can be found under the title Alternate Public Review Procedures for Certain Sources Subject to New Source Performance Standards (NSPS) at this website:
