On-Site Systems Division
Water and Science Administration

DATE: January 15, 2020

SUBJECT: MDE At-Grade Installer Certification Training Course on
Tuesday, March 24, 2020

Attached you will find the announcement concerning the required course for construction of At-
Grade Sewage Disposal Systems. Please forward a copy of the attached announcement to any
contractors that may be interested in installing At-Grade systems. COMAR requires installers of
At-Grade systems to be certified. This is a separate certification than the Sand Mound Installer
Certification or BAT Installer Certification.

Licensed Environmental Health Specialists and other inspectors, who inspect the installation of
on-site systems, should also take this course prior to inspecting any At-Grade system. This
course is already approved by the Board of Environmental Health Specialists for 5.75 CEUs.

Designers of onsite systems including at-grades are also encouraged to attend this class to
become familiar with how these systems should be properly installed and what constitutes an
example of a basic design plan submission from an installer’s perspective. However, this course
is not intended to teach proper design of At- Grades.

cc: MDE Regional Consultants
Kim Harmon-Brookshire
The Maryland Department of the Environment will be offering a training course for contractors interested in certification for installing At-Grade Sewage Disposal Systems in Maryland on **Tuesday, March 24, 2020.**

- Grading of Exams 4:00-4:30 pm

*Registration is limited and must be received by the close of business on Friday March 13th, or when 50 people have registered.*
Directions to MDE and Parking Information

Coming to Montgomery Park from the North
Take I-95 South.
Go through the Fort McHenry Tunnel.
Exit at Exit 53 (I-395/Martin Luther King Boulevard).
Follow signs to Martin Luther King Boulevard to the right.
Get into the left lane after exiting.
At the first traffic light, make a left onto Washington Boulevard.
Follow Washington Boulevard for approximately one mile.
Cross over Monroe Street.
Make a right into the BLUE parking lot.

Coming to Montgomery Park from the South
Take I-95 North.
Exit at Exit 51 (Washington Boulevard).
At bottom of the Exit ramp, make a left onto Washington Boulevard.
Turn left into the BLUE parking lot.

Upon arriving at the visitor gate of BLUE LOT, press button on call box to call security. Tell them that you are here to take the sand mound class. The guard should then open the gate and let you in to the BLUE LOT. Park and walk towards the tunnel entrance. Buzz the call box outside the doors of the tunnel entrance and again tell them that you are here to take the BAT Installation class. Upon entering the tunnel, walk down the tunnel to the entrance of the main building. Once you are out of the tunnel and come out across from elevators, make a right and walk through a hallway down until the MDE main lobby is on your right. Once at the main lobby, enter the doors and the Aeris/Aqua room is right in front of you, behind the front desk.

Note that handicapped parking is in the RED LOT ONLY.
