

On-site Sewage Disposal System Variance Application

On-site Systems Division, Wastewater Pollution Prevention and Reclamation Program

Pursuant to regulations outlined in COMAR 26.04.02.10, a variance to construct an on-site sewage disposal system or other structure on a property served by an on-site sewage disposal system that does not comply with the distance, slope, area and/or well siting requirements outlined in COMAR 26.04.02 is being requested. An application for on-site sewage disposal system construction and accompanying site plan is required prior to consideration.
