Andrea L. Crooms, Director
Department of the Environment (DoE)
Prince George's County
1801 McCormick Drive
Largo, MD 20774

Dear Ms. Crooms:

This letter acknowledges the Maryland Department of the Environment's (Department) receipt of Prince George's County's 2022 Financial Assurance Plan (FAP), and 2022 Watershed Protection and Restoration Program (WPRP) Annual Report as required by the Annotated Code of Maryland. This FAP submission includes information on the cost of compliance with the impervious surface restoration plan (ISRP) requirements outlined in the County's National Pollutant Discharge Elimination System (NPDES) Phase I Municipal Separate Storm Sewer System (MS4) permit.

The ISRP, when sufficiently funded, is essential for restoring local water quality and the Chesapeake Bay, and providing climate resiliency in the County's watersheds. The FAPs are sufficient if they demonstrate that the County has the dedicated revenues, funds, or sources of funds to meet, for the 2-year period immediately following the filing date of the FAP, 100% of the projected costs of compliance with the ISRP requirements of the County's MS4 permit.

After reviewing the County's 2022 FAP, the Department has determined that the County has demonstrated that it has sufficient funding in its FAP. The Department has provided more detailed comments in an attachment for the County's information and use. The County's next WPRP Annual Report will be due in coordination with its next MS4 Annual Report, and its FAP will be due in coordination with the 2024 MS4 Annual Report.

The Department recognizes the substantial effort required in developing these FAPs and WPRP Annual Reports, and looks forward to working with the County on this very important environmental program for improving water quality, stormwater management, and climate resiliency. If you have any questions regarding this review, please contact me at 410-537-3567 or Jennifer M. Smith at 410-537-3561, or jenniferm.smith@maryland.gov.

Sincerely,

D. Lee Currey

**Maryland Department of the Environment's (MDE) Review of
Prince George's County's 2022 Financial Assurance Plan (FAP)**

Plan Condition	MDE Assessment and Recommendations
Demonstration of Sufficient Funding	<ul style="list-style-type: none"> • Prince George's County submitted a draft of its FAP on December 21, 2022. • A public hearing was held for the FAP on March 14, 2023 and the County Council approved the FAP on April 4, 2023. • The FAP demonstrates sufficient funding for the projected Impervious Surface Restoration Plan (ISRP) costs for the next two-year period (i.e., FY2023-FY2024).
Actions to Meet Permit Requirements	<ul style="list-style-type: none"> • The plan included an Executive Summary. • The "All Actions" worksheet included BMPs and associated costs for FY2023 to FY2024. • For the next two years (FY2023-FY2024), the County showed 1,538 acres of restoration.
Annual and Projected Costs	<ul style="list-style-type: none"> • The "All Actions" worksheet indicated that projected cost for restoration to be implemented over the next two fiscal years (FY2023-FY2024) is \$79.0 million. • In the "ISRP Cost" worksheet, costs were reported through FY2027, and the cost for the next two years is \$326.4 million.
Annual and Projected Revenues	<ul style="list-style-type: none"> • The "ISRP Revenue" worksheet included projected revenues through FY2027. • The County reported that revenue for FY2023 and FY2024 (\$326.6 million) is greater than the projected ISRP costs (\$326.4 million).
Funding Sources	<ul style="list-style-type: none"> • In the "Fund Sources" worksheet, fund sources were projected through FY2027. • Sources of funds for the next two years included: <ul style="list-style-type: none"> ○ Stormwater Management (SWM) Enterprise Fund Fees = \$112.7 million ○ Other (State Revolving Fund Loan) = \$102.9 million ○ SWM Bonds = \$57.2 million ○ Local Watershed Protection and Restoration Fund = \$41.3 million ○ Appropriated Fund Balance = \$29.8 million ○ Federal = \$24.9 million ○ Transfers in from the Water Quality Fund = \$3.6 million ○ State = \$2.6 million ○ Total Funding Sources = \$375.0 million
Specific Actions and Expenditures from Previous Fiscal Years	<ul style="list-style-type: none"> • The Completed Actions worksheet included BMPs and expenditures for 5,231 acres of restoration completed between FY2014 through FY2022. The reported restoration included BMPs implemented prior to the expiration of the previous permit term. The County's next FAP should only show completed project revenues since the expiration of the previous permit.
