

FINAL

**Comment Response Document
Regarding the Total Maximum Daily Load (TMDL) of Polychlorinated Biphenyls in
Northeast River Tidal Fresh, Cecil County, Maryland**

The Maryland Department of the Environment (MDE) has conducted a public review of the proposed TMDL of PCBs for Northeast River Tidal Fresh. The public comment period was open from February 25, 2009 through April 2, 2009. Due to technical corrections, the initially released document needed to be revised. An updated version of the document was re-published on February 27, 2009 and the public comment period was extended until April 2, 2009. MDE received no written comments.
