Comment Response Document
Regarding the Water Quality Analysis of Fecal Coliform for the Restricted Shellfish
Harvesting Area in the Mainstem Patuxent River Lower Basin in Prince George's, Charles,
and Calvert Counties, Maryland

The Maryland Department of the Environment (MDE) has conducted a public review of the proposed Water Quality Analysis (WQA) of Fecal Coliform for the Restricted Shellfish Harvesting in the Mainstem of the Patuxent River Lower Basin. The public comment period was open from July 27, 2006 through August 25, 2006. MDE received no written comments.
