

FINAL

**Comment Response Document
Regarding the Total Maximum Daily Load of Sediment in the Antietam Creek Watershed,
Washington County, Maryland**

The Maryland Department of the Environment (MDE) has conducted a public review of the proposed Total Maximum Daily Load (TMDL) of Sediment in the Antietam Creek Watershed. The public comment period was open from June 15, 2007 through July 16, 2007. MDE received no written comments.

Due to a clarification in MDE policy regarding the proper presentation of upstream out-of-state loads, the referenced TMDL document was revised and made available for a second public comment period. The public comment period was open from April 28, 2008 through May 27, 2008. MDE received no written comments.
