**RE: Photographic Documentation for Acers Infra LLC Cricket Stadium – Joint Permit Application, MDE Tracking No. 202560696, Frederick County, Maryland, Section 106/Historic Preservation Review**

Goodwin & Associates, Inc. (Goodwin) has prepared the attached photographic documentation as requested in correspondence from the Maryland Historical Trust (MHT) dated June 17, 2025. The documentation includes captioned photographs of the buildings and structures in the project area and views of the landscape on the project parcel. In addition, photographs of the surrounding historic properties and views toward to project area are provided for the specific properties requested in the MHT correspondence. These properties include the Philip Reich House site (MIHP F-3-252); the Jug Bridge Toll House and Stone Bridge Abutment Ruins (MIHP F-3-128) on the west side of the Monocacy River; the Annapolis Road, Frederick Turnpike, National Road alignments (MIHP F-3-224); the alignment of the Frederick Turnpike along Doctor Baxter Road on the east side of the Monocacy River (MIHP F-3-224); and, the Todd-Mercer House (F-3-128). Please note that site 18FR41 referenced in the MHT letter is an archaeological site associated the pre-contact occupation of the Monocacy River valley and is not related to the Old Baltimore Pike alignment or the stone bridge remnants. The locations of the photographs and the directions of the views are illustrated on the attached maps.

Please contact us with any questions.

Sincerely yours,

Katherine Grandine  
Senior Project Manager/Senior Historian
