

CERTIFICATION OF NOTIFICATION FOR STREAM AND FLOODPLAIN RESTORATION PROJECTS

ATTENTION PROJECT APPLICANT:

Any stream or floodplain restoration project application submitted on or after July 1, 2025, must comply with the public notice requirements of Maryland Environment Article, Title 18. Stream and Floodplain Restoration Projects. Specifically, Maryland Environment Article §18-101(C)(1-2) requires that a project applicant shall provide public notice at 30% design completion. The statute has the following public notice requirements:

- (1) Mailing written notice to any residence or business within a radius of 200 feet of the proposed project area's boundary;
- (2) Posting notice at points of public access to the project; and
- (3) Providing details about the project applicant, including the applicant's contact information, the purpose of the project, and information regarding the public meeting required under §18-101(D).

Be further advised, that in accordance with §18-101(F)(2) within 24 hours after submitting a project application to MDE, the project applicant shall:

- (1) Post on its website notice that an application has been submitted;
- (2) Include the date of the application submission to MDE; and
- (3) Post a copy of the application.

Please complete this form and submit it as part of your JPA submittal for any new stream or floodplain restoration project in Maryland. Please include complete names and complete addresses, including zip codes for the people notified. Your application is incomplete until this certification is received.

Project Name and Description of the project (include the MDE Agency Interest #, if known):

Please list all persons notified below: (attach additional sheets if necessary)

NAME	ADDRESS
<hr/>	<hr/>
<hr/>	<hr/>
<hr/>	<hr/>
<hr/>	<hr/>

I hereby certify that I have notified all persons within 200 feet of the proposed project's boundary. I also certify that I have posted project signage as required above.
