The Water and Science Administration has received the applications listed below. A preliminary review has indicated that the listed projects may be subject to the opportunity for a public hearing once the application is substantially complete. Projects may be significantly altered during the review process. The applications and related information are available for inspection and copying. You may also request written notice of any hearing opportunity by having your name placed on the interested persons list for each project in which you are interested. To inspect the file or to have your name placed on the interested persons list, contact the assigned division at the telephone number indicated below no later than Saturday, May 31, 2025.

**Water Supply Program - (410) 537-3590**

**County: Anne Arundel**

AA1960G016/09: Herrington North, LLC has applied to increase an existing appropriation from an annual average of 10,000 gallons of groundwater per day (gpd) and an average of 20,000 gpd during the month of maximum use to 25,000 gpd and 35,000 gpd, respectively. Water is used for a potable supply, sanitary facilities, and boat washing for a marina and restaurant. Water will be withdrawn from six existing wells, all in the Aquia aquifer. The project is located at Herrington Harbour North, on the south side of MD Route 256, and the north side of Highview Road, 0.5 mile east of Franklin Gibson Road, Tracy's Landing, Anne Arundel County, Maryland.
