

November 3, 2025

The Water and Science Administration has received the applications listed below. A preliminary review has indicated that the listed projects may be subject to the opportunity for a public hearing once the application is substantially complete. Projects may be significantly altered during the review process. The applications and related information are available for inspection and copying. You may also request written notice of any hearing opportunity by having your name placed on the interested persons list for each project in which you are interested. To inspect the file or to have your name placed on the interested persons list, contact the assigned division at the telephone number indicated below no later than Sunday, November 30, 2025.

Water Supply Program - (410) 537-3590

County: Baltimore City

BC2025G008/01: Clark Construction Group, LLC has applied to appropriate and use an annual average of 22,300 gallons of groundwater per day (gpd) and an average of 387,200 gpd in the month of maximum use. Water will be withdrawn from 28 wells in the Mount Washington Amphibolite to lower the groundwater level and facilitate the construction of a tunnel beneath the stadium. The project is located at Pimlico Racecourse, 5201 Park Heights Ave, Baltimore, Maryland.

BC2025S007/02: Kiewit Infrastructure Co. has applied to increase the existing allocation, from an annual average of 7,900 gallons per day (gpd) and a maximum daily withdrawal of 57,600 gpd, to 113,000 gpd and 144,000 gpd, respectively. The water is withdrawn from the tidal Patapsco River and used in a cooling system for pile-driving equipment. The project is located adjacent to the Francis Scott Key Bridge abutment, Baltimore City, Maryland.
