

**July 1, 2026**

The Water and Science Administration has received the applications listed below. A preliminary review has indicated that the listed projects may be subject to the opportunity for a public hearing once the application is substantially complete. Projects may be significantly altered during the review process. The applications and related information are available for inspection and copying. You may also request written notice of any hearing opportunity by having your name placed on the interested persons list for each project in which you are interested. To inspect the file or to have your name placed on the interested persons list, contact the assigned division at the telephone number indicated below no later than Friday, July 31, 2026.

**Water Supply Program - (410) 537-3590**

**County: Kent**

KE2013G005/02: Owings & Sons Business Trust has applied to increase an existing allocation from an annual average of 91,000 gallons of groundwater per day (gpd) and an average of 555,000 (gpd) during the month of maximum use, to an annual average of 174,000 gpd and an average of 1,059,000 gpd during the month of maximum use for crop irrigation. Water will be withdrawn from one well in the Aquia aquifer. The project is located at 29960 Morgnec Road, Kennedyville, Kent County, Maryland.
