

**September 1, 2026**

The Water and Science Administration has received the applications listed below. A preliminary review has indicated that the listed projects may be subject to the opportunity for a public hearing once the application is substantially complete. Projects may be significantly altered during the review process. The applications and related information are available for inspection and copying. You may also request written notice of any hearing opportunity by having your name placed on the interested persons list for each project in which you are interested. To inspect the file or to have your name placed on the interested persons list, contact the assigned division at the telephone number indicated below no later than Wednesday, September 30, 2026.

**Water Supply Program - (410) 537-3590**

**County: Kent**

KE1997G108/02: Marilyn Price has applied to increase an existing allocation from an annual average of 10,000 gallons of groundwater per day (gpd) and an average of 50,000 gpd during the month of maximum use to 75,000 gpd and 457,000 gpd, respectively. Water will be used for crop irrigation and withdrawn from one pond excavated in the Columbia aquifer. The project is located at 29238 Old Locust Grove Road, Kennedyville, Kent County, Maryland.
